Candidate Visits Calloway County

Jack E. Fisher

Candidate
For
Railroad
Commissioner
In First Dist.
of Kentucky

Murray and Calloway county were visited yesterday by Jack E. Fisher, of Paducah, the present Railroad Commissioner in the First District of Kentucky, who is a candidate for reelection as Railroad Commissioner of the First District, subject to the action of the Democratic primary to be held on the 7th day of August, 1943.

The First District comprises forty-two counties, including Calloway, and Mr. Fisher received many assurances of support here.

He pointed to the fact that he is the only attorney in the race, and likewise is seeking an endorsement on the basis of his record, and of his experience in the office.

In his announcement Mr. Fisher said in part: Through the medium of the press I avail myself of this opportunity to announce my candidacy as a member of the Railroad Commission of Kentucky for the First District, subject to the action of the Democratic primary to be held on the 7th day of August, 1943.

I was born and reared in Marshall county, Kentucky, in which county I resided until I removed to Paducah, Kentucky, in 1923. I was admitted to the bar in 1923, and I have followed the profession of law as a career up to the present time. From 1915 to 1927, inclusive, I served as commonwealth attorney for the Second Judicial District of Kentucky.

While in this office I was honored by election as president of the Commonwealth Attorneys' Association of Kentucky. In 1940 I served as president of the McCracken County Bar Association. In 1941 the Honorable Keen Johnson, Governor of the Commonwealth of Kentucky, appointed me as a member of the Railroad Commission of Kentucky to fill a vacancy created by the resignation of the Honorable Robert E. Webb. In 1942, I was elected to fill out the balance of the term of Mr. Webb.

The duties of the Commission are almost wholly of a legal character. All hearings, whether before our own Commission or before the Interstate Commerce Commission, are similar to proceedings in a court of law. Therefore, an attorney is best fitted by training and experience to serve on the Commission and to render effective aid to his constituents. As I said at the start, I have practiced law since 1923 and I have had two years of experience on the Commission. I have tried at all times to be fair and helpful. It is democratic to indorse where one's record is without blemish.

Upon the basis of my training and my record, I submit my candidacy to the voters of my district.

Jack E. Fisher

Lunch Room
Owing to conditions brought by war, the lunch room operated by the Hazel P-TA and WPA heretofore, will have to be done by the P-TA entirely if kept going. Here is where you come in. If you want your children to have this hot lunch help us now. The community canneries, located on the Hazel high school campus, is in operation and there are three ways you can help furnish food for next week. First, bring your fruits and vegetables to this cannery and deposit a per cent and your children will be given credit for every can of food that you deposit. Second, the P-TA will buy your products if you do not care to use the first method. Or third, you may share or donate a small per cent of your canning to the P-TA in exchange for the canning. We are deeply concerned about this matter and want you good farmers and garden raisers to stand by us that we may keep this work going for the coming year. Make arrangements with Mr. Carson-Parks for the canning and come, someone, every day.

Cpl. James M. Overcast who is stationed at a camp in Dan Delgo, Calif., arrived Sunday to visit with his wife, Miss Eva Perry, Mrs. H. L. Neely and Mr. Neely, Mrs. O. B. Turnbow and Mr. Turnbow, and other relatives and friends.

Mr. and Mrs. Clifton Hill are the proud parents of a daughter born Sunday afternoon at 3 o'clock.

Mrs. Wm. Hull and daughter Ann arrived Thursday from Louisiana for a few weeks visit with Mrs. Hull's brother, O. B. Turnbow and Mrs. Turnbow.

Little Miss Joyce Maie Hill of Mayfield, is visiting her grandmother Mrs. Josie Hill and Mrs. Claud Anderson and Mr. Anderson.

Mrs. Sallie St. John of Murray spent Sunday in the home of Mr. and Mrs. Tom Gibbons.

Mrs. Harry Shekita and daughter returned home from Detroit, Mich. Sunday night where they have been visiting relatives and friends.

Mrs. Sam Garrett of Memphis, Tenn., is visiting in the home of her sister Mrs. Darwin White and family.

Mrs. A. A. Jones who has been in Chicago for several months visiting her children returned home Wednesday and will make her home with her daughter Mrs. Layman White.

Mr. and Mrs. Eugene Shipley and children of Murray and Hart Shipley attended services at the Baptist Church Sunday and were dinner guests of Mr. and Mrs. Hule Thursday afternoon.

Peaches and cream. Peach
cream. There is no limit to
the number of different ways we
can serve peaches. In addition to
the joys of fresh peaches we may
dry, pickle, and preserve for
future use.

Since we seldom have two good
peach crops in succession many
families like to can and dry enough
peaches to last more than one year.
This is a good practice even though
you may not be able to sweeten
all the peaches as you can them.

When canning peaches select
ones that are ripe but not soft or
bruised. It is easy to slip the skins
if you dip the peaches into boiling
water about one minute. Plunge
them at once into cold water and
remove skin and stone. Drop in
salt water—one lb salt per quart
water—to preserve the color.

Make a medium syrup (1 C sugar
to 2 C water) and simmer peaches
in it 5 to 10 minutes. Pack in hot
sterilized jars, placing halves in
overlapping layers, concave side
down. Fill jars with the boiling
syrup and process in a water bath

15 minutes.
Peach Preserves
4 C Sugar 2 qt. sliced peaches
2 C hot water
Peel peaches and slice. Make a
thick syrup of the sugar and water.
Remove peaches from syrup and
continue cooking the syrup 5 to 10
minutes longer. Place peaches in
shallow pan, pour syrup over them
and let stand overnight or several
hours. Drain syrup off and boil
until very thick. Fill hot sterilized
jars with peaches and syrup and
process in a water bath 15 min-
utes.

Dried Peaches
Select firm, well-ripened fruit.
Wash, dip in hot water to remove
skins or peel, and halve. Sulfur
35 minutes (1 lb sulfur to 1 lb
prepared fruit). Arrange on trays
and place in sun or in drier. They
are dry when a handful of slices
have an elastic stringy feeling and
separate when pressure is removed.
Those who wish additional infor-
mation on peaches may obtain free
bulletins at my office.

The over-all war program of the
U. S. for 1943 totaling \$108 billion,
is 60 per cent greater than the 1942
objective of \$59 billion, which, in
turn, was three and a half times
the 1941 figure.

The Only Candidate With Long Legislative Experience

HENRY WARD

An Outstanding West Kentuckian
For LIEUTENANT GOVERNOR

To The Farmers of Kentucky and Their Friends:

Please consider this as a personal appeal for your support of my candidacy for the Dem-
ocratic nomination for Lieutenant Governor, subject to the primary election on August 7.
I qualify as a friend of the farmers of Kentucky on the basis of my personal history and
on the record I have made as a member of the State Legislature for 10 years and as a Paducah
newspaperman for 15 years. I was born and reared on a farm in McCracken county, in the
same community in which my grandfather had been a preacher for 20 years. I have been an
active supporter of the Farm Bureau and its program, and have made many speeches through-
out Kentucky in its behalf.

As a five-term member of the House of Representatives, I have sponsored or voted for
many measures for the benefit of rural Kentucky. I was the sponsor at a session in 1937 of
the act which made possible the organization of the REA cooperatives in Kentucky, and
through this act thousands of farm families now have cheap electric power. I also sponsored
the act which enabled Kentuckians to obtain the benefits of TVA cheap light and power.
In 1940, I sponsored the act which created a Division of Markets in the Department of
Agriculture, with an annual appropriation of \$15,000. I secured \$10,000 a year for research
in control of fruit diseases, and supported appropriations for increased efforts to eradicate
Bang's disease and other work of the Department of Agriculture and the College of Agricul-
ture.

I obtained approval of the act which allows farm trucks to cross state toll bridges at
passenger car rates. Many other planks in the Farm Bureau program have had my active
and loyal support. I pioneered for rural highways and better farm to market roads.

I have been a director of the Kentucky Toll Bridge Association since its organization,
and I have pledged myself to support legislation to free the intrastate bridges by July 1, 1944.

I have sponsored increases in appropriations for schools at every session, and in 1942 I
sponsored the act putting the school equalization fund into effect. I am now pledged to sup-
port a minimum appropriation of \$13,000,000 for the school fund at the 1944 session, with a
full 10 per cent for the equalization fund.

I voted to reduce the taxes on Kentucky farms and real estate.

My ten-year legislative record as a friend of the farmer is assurance that you can de-
pend upon me when I am elected Lieutenant Governor.
